What happens next

1. We contact your patient (or their caregiver) to schedule the first home visit.
2. We verify the patient's insurance benefits at no charge before the first visit.
3. A licensed physical or occupational therapist evaluates the patient at home.
4. You receive the evaluation and plan of care for signature when the plan requires it (Medicare, for example).
5. Tick "send me notes" on page 1 to get progress notes as well.

Insurance

Medicare Part B | Auto accident / No-Fault | Workers' Compensation | Commercial PPO plans

Medicare Part B in-home therapy has no homebound requirement, for patients who are not under a home health agency plan of care.

Fall prevention

Our No Fall Protocol® uses standardized balance tests, including the Berg Balance Scale, Timed Up and Go, and the 4-Stage Balance Test, so you can see measured change in your patient's fall risk.

Clinical leadership

Owner and clinical lead: Dr. Richard Holsman, PT, DPT, NCS, board-certified Neurologic Clinical Specialist.
Home Therapy PT is a sister company of Holsman Physical Therapy.

No Fall Protocol® is a registered trademark of Holsman Physical Therapy and Rehabilitation, P.C.
